# Fiona Chesterton

The true story of a windfall inheritance  
and a very personal investigation

## SECRETS NEVER TO BE TOLD

FIONA CHESTERTON

A legacy from a distant Canadian relative set local former BBC journalist Fiona Chesterton on a voyage of discovery into the origins of Jessie Heading, born out of wedlock in Cambridge, leading her to write the deeply empathetic *Secrets Never to be Told*, published last year to high acclaim.

Fiona is coming to tell us how and what she learned about Jessie & her family, and how, unexpectedly, this became a voyage of self-discovery too.
