**Standing down from the committee (none this year). The constitution allows for an indefinite number of ordinary members to be elected so long as the size of the committee [excluding nominated representatives of organisations] does not exceed 13. Ordinary members 'usually retire after three years'. We therefore give priority to any new person elected or committee member who has not yet served for three years over those who have. The committee may additionally co-opt three people.*

Representatives of Organisations *The following organisations (shown here with nominees) are currently invited to nominate a representative*

Friends of Hinchingsbrooke House	Peter Downes
